

# THE FAMILY AND MEDICAL INSURANCE LEAVE (FAMILY) ACT

## What Is It?

The Family And Medical Insurance Leave (FAMILY) Act would create a comprehensive national program that helps meet the needs of new parents and people with serious personal or family health issues through a shared fund that makes paid leave affordable for employers of all sizes and for workers and their families.

## What Did We Do?

March for Moms believes every family should have access to paid family leave and support during a challenging time which often includes medical recovery and need for mental health support. We have assisted in supporting state level paid family leave initiatives. Today, eleven states have passed paid family leave acts.

## What Can You Do?

At this time, the FAMILY Act has been referred to the Senate Committee on Finance and the House Committee on Ways and Means. It is most productive to contact the members of the committees and show your support for the bill. Please use the links below to access a list of members.
